## Family Trust Specialists

### ABOUT US

**ONT Trust** is a group of companies dedicated to provide innovative Trust and commercial fiduciary and business solutions for the protection of assets that transcend generations.

At ONT Trust we provide tailor-made trustee, secretarial and corporate services, and we also have an area specifically dedicated to assist and setup family offices.

At ONT Trust we strive to design and implement strategies that are as unique as our clients, using what we call the 3P process:

#### 01 Protect

We work with our clients and their advisors to develop and implement customized strategies to diversify and manage risk to protect assets.

#### 02 Preserve

We work closely with our clients and their advisors to manage their investment strategies and planning to ensure that their assets are not only preserved, but continue to grow and thrive over time.

#### 03 Pass on

We can assist our clients designing and implementing the appropriate strategies to carry out their wishes and define their legacy on their own terms.
